Lynn Ames, author of the best-selling, critically acclaimed novels *The Price of Fame* and *The Cost of Commitment*, is back with *The Value of Valor*, the third book in the celebrated Kate & Jay trilogy.

Katherine Kyle is the press secretary to the president of the United States. Her lover, Jamison Parker, is a respected writer for Time magazine. Separated by unthinkable tragedy, the two must struggle to survive against impossible odds... A powerful, shadowy organization wants to advance its own global agenda. To succeed, the president must be eliminated. Only one person knows the truth and can put a stop to the scheme.

It will take every ounce of courage and strength Kate possesses to stay alive long enough to expose the plot. Meanwhile, Jay must cheat death and race across continents to be by her lover's side...

This hair-raising thriller will grip you from the start and won't let you go until the ride is over.

*The Value of Valor*—it's priceless.
